

NO BUDGET CUTS NO GIVEBACKS JOIN CUNY STUDENTS

The attacks on the City University of New York (CUNY) are part of cuts and attacks city-wide, on city workers, on our public schools, health care, worker safety, child care, transit, among many others.

Success in our struggle will only come if we fight together against these cuts.

We don't believe the lie that there is no money. The funds are there. They need to be used for different priorities.

Community • Labor • Join Us Demonstrate, Wed April 24

**Express Your Outrage • March and Rally
Begins 12 Noon • World Trade Center

APPEAL TO THE LABOR MOVEMENT FROM CUNY STUDENTS

Our takeover of a number of CUNY buildings is the only option open to us following Governor Cuomo's \$92 million proposed cut, which will destroy many of our educational programs. We are fighting against the \$500 per semester increase in tuition which, for many of us, will close the door to higher education and decent jobs. Truly, we are fighting to save all of our CUNY schools, and we have the solid support of our students and communities surrounding the university.

We need your help. Our struggle is no different than labor's fight for economic and social justice. Please pass a resolution in your local supporting our just fight, to be sent to the New York Central Labor Council, and to Governor Cuomo.

We strongly request that phone calls and faxes be sent to Governor Cuomo, Mayor Dinkins, Police Commissioner Brown, W. Anne Reynolds, and the college presidents demanding of them not to send the police onto campus for any reason. The above people should be held responsible for any violence that is committed against students. Finally we need financial and food assistance. Please help us by joining us in our fight, show your solidarity and attend our demonstrations.

Together we can win this struggle.

Rafael Alvarez, President, City College Student Government

Carol Bullard, President, Hunter Evening Student Government

Peter Carlo, Lehman

José Medina, Vice President, Boro Manhattan Community College
Student Government

Cassius Peters, President, Bronx Community College
