

THE BROOKLYN COLLEGE WOMEN'S ORGANIZATION
Boylan Hall
Brooklyn College

August 26, 1971

Office of the President
Brooklyn College

Dear President Kneller:

As you probably know, Congresswoman Shirley Chisholm has been active on the matter of securing equal employment opportunities for women. A request has come to us from her office to notify you of her concern with sex discrimination at Brooklyn College in general and with the case of Dr. Shirley Harrison in particular. She has asked us to inform you that she would hold a press conference in the fall with other New York legislators on the matter should restitutive action not be taken by the college.

We realize that your many duties may have kept you from a full investigation of the issues. If we can be of help in providing information, please let us know.

Very truly yours,
