Dear Su:

Before I can consider membership in PSC I would like a little more knowledge about the responsibilities of membership. Other than paying dues, what is required of a member of PSC? I am especially concerned about striking. What is the policy not only of PSC but of the organizations it is now affiliated with - the AFT, AFL-CIO <sup>the</sup> + Nat. Teachers organization?

I am an instructor in CUNY and need the above information before I make a decision to (over)

join PSC or not.

Thank you

Sincerely

Mary Jane Blasped.
