NEW YORK, N.Y. 10021

TRAFALGAR 9-3600

Intradepartmental Memorandum

To: Seymour C. Hyman, Vice-Chancellor
Campus Planning & Development

From: William F. R. Ballard
Consulting Architect

Date: June 13, 1968

Subject: Community College VII

I talked to Larry Orton, Vice-Chairman of the Planning Commission and Commissioner in charge of Education matters in the Capital Budget, yesterday about a permanent and temporary site for subject college in the Bedford-Stuyvesant section of Brooklyn.

We agreed that an eventual size for permanent site should be thought of at a size of about fifteen acres.

He felt that we had made the appropriate approach to the Commission and promised cooperation (and I hope results - we shall see).

William F. R. Ballard
