

STUDENTS OFFERED TO RESUME CLASSES AND PRESIDENT HARLESTON REFUSED.

The City College Administration has refused to grant amnesty to the students who have occupied the NAC building in order to save public education. The students occupying the building came to a decision early Tuesday morning that they would leave by 3:00 Tuesday afternoon. The students understood that this was the only way to insure that the entire semester would not be canceled for everyone. The only thing that the students asked from administration was to lift the suspensions and stop threatening expulsion of students who have been acting out of a deep desire to save the CUNY system for all students and the future generations of our communities. President Harleston, by denying any amnesty, has refused to allow students to end the occupations quickly and peacefully in order to move on to other ways of fighting for the right of education. Instead of acting in the best interest of the City University system, he has abandoned his position of neutrality and taken the side of Governor Cuomo and the most reactionary elements in our society. He has acted against the students of CUNY by encouraging a tiny minority of "counter demonstrators", and suspending protesting students.

DO NOT LET HARLESTON SEND THE POLICE!!!

SUPPORT YOURSELF BY SUPPORTING THE CUNY STRIKE!!!

CALL ADMINISTRATION RIGHT AWAY! DEMAND AMNESTY FOR THE PROTESTORS!
