Professor Ralph Ledley
Chairman, Faculty Welfare Trustees
28 West 44th Street
New York, New York 10036

Dear Ralph:

I am sure you know that the PSC has been very concerned about the lack of health coverage for our adjunct constituents. We have a plan to cover our members at group rates on a voluntary basis but the rate is rather high. I imagine that the Trustees, who are experience rated, would be able to do better.

Would you be good enough to look into the costs of covering adjunct personnel with Blue Cross and either GHI or Blue Shield? We would be interested only in those who do not have coverage through another employer; the number would run approximately 2000. Once you have come up with a cost figure, the PSC will give some thought as to how we might manage to provide all or some of such coverage.

Thank you for your help in this matter.

Sincerely,

Irwin H. Polishook
President
