

OUR POSITION --

We, all of the students of Dr. Foner's eight classes in City College, are on strike. We walked out of class, refusing to accept a substitute for Dr. Foner. Dr. Foner was suspended along with other teachers for "indoctrinating" us. None of us has ever noticed anything other than the highest of teaching standards in his classes. We will testify to this before anybody.

WE DEMAND HIS IMMEDIATE REINSTATEMENT

We recognize this as a struggle for free higher education. That's why we call upon all students to join our common fight.

REINSTATE ALL OUR TEACHERS

WE CALL UPON YOU

especially if your teacher was suspended to come to a meeting. All students deprived of the right to untrammelled learning and those who want their right to learn freely must be there.
