

May 15, 1968

19

At the community meeting of May 2, 1968, five members of the Steering Committee were elected to serve with an equal number of persons from the Board of Higher Education which comprises the Presidential Search Committee.

The Presidential Search Committee will seek a President for the proposed college, as well as plan for the development and activation of the college for Bedford-Stuyvesant. The community's representatives will also be firming up the community's mandate: Community Control and a four year institution.

The Steering Committee feels that in order to negotiate competently, and to make intelligent and free decisions on behalf of our community regarding the college, we need independent resources upon which to function.

The following proposed budget has been formulated for the purpose of substantiating the needs of the Presidential Search Committee and the Steering Committee over a (15) month period, beginning May 1, 1968 and prospectively terminating July 30, 1969.

<u>Budget</u>	
<u>Personnel</u>	
Executive Secretary c. \$200.00/wk	\$13,000.00
Clerk c. \$100.00/wk	6,500.00
<u>Office Space</u>
