March 1, 1976

Dear Student,

It is crucially important that you inform your State Legislators to insure the continuation of Hostos as a separate unit of the City University.

Your officials must be told the following:

They should not vote on Governor Carey's budget unless the survival of Hostos is an integral and stated part of such a budget.

Hostos Community College was the first of the CUNY units to be placed deliberately in an economically depressed community. It services a population that is predominantly Hispanic and Black, and at the bottom of the economic ladder. It is crucial that these students continue to reap the unique benefits that only Hostos Community College can provide.

Please write the above information or a proximity thereof to the following people today:
